Brothers of Sigma Chi at Washington State University,

As a Sigma Chi serving in the US Senate, I'm proud to provide your new Centennial Chapter House with an American flag that has flown over the US Capitol. During my tenure here in the Senate, I've often taken great joy in engaging with Sigs from around the country. I hope you display the flag with special pride and respect for our country.

Congratulations on your first century as a Sigma Chi chapter and to all your hard work and generosity that has made your incredible new chapter house possible.

Go Cougs!
